4.7 **Acceptance Criteria**

- **Compliance with Specifications** – Vehicles shall fully comply with the approved technical specifications, make/model, configuration, capacity, and performance requirements stated in the purchase order/tender.
- **New and Unused Vehicles** – All vehicles shall be brand new, unused, and free from manufacturing defects, accident damage, or prior registration unless specifically agreed otherwise.
- **Documentation** – The supplier shall provide all required documents, including invoice, registration/RC documents, insurance, warranty certificate, user/maintenance manuals, pollution certificate, and other statutory documents.
- **Inspection and Testing** – Vehicles shall undergo inspection and functional testing by the purchaser or its authorized representative before acceptance.
- **Roadworthiness and Safety** – Vehicles shall be roadworthy and comply with all applicable statutory, safety, emission, and regulatory requirements.
- **Accessories and Equipment** – All specified accessories, tools, spare wheel, safety equipment, and other supplied items shall be present and operational.

- **Condition at Delivery** – Vehicles shall be delivered in clean, undamaged condition, with acceptable bodywork, paint, tyres, battery, interior, and other components.
- **Performance** – The vehicles shall satisfactorily demonstrate starting, braking, steering, lighting, electrical systems, and other specified functions during inspection/testing.
- **Warranty** – The supplier shall provide the agreed warranty covering manufacturing defects and shall rectify defects in accordance with the contractual warranty terms.
- **Delivery Requirements** – Delivery shall be completed within the agreed timeframe and at the specified location, with all vehicles and documentation ready for handover.
- **Defect Rectification** – Any defects or non-conformities identified during inspection shall be rectified by the supplier at no additional cost before final acceptance.
- **Final Acceptance** – Acceptance shall be confirmed only after successful inspection, testing, verification of documents, and compliance with all contractual requirements.

4.8 **Consequences of non-compliance**

- If the supplied vehicle does not conform to the approved specifications, the purchaser shall have the right to **reject the vehicle**.
- The supplier shall, at its own cost, **rectify or replace** any vehicle or component that does not meet the specified requirements.
- No additional payment shall be made for rectification, replacement, transportation, inspection, or any other costs arising from non-compliance.
- Failure to rectify the non-conformity within the stipulated period may result in **cancellation of the order/contract and invocation of applicable contractual remedies**, including liquidated damages, forfeiture of security, or other action as permitted under the tender conditions.
- The purchaser's decision regarding compliance, based on inspection and applicable specifications, shall be recorded and communicated to the supplier.

5.0 Payment terms: 100% advance against proforma Invoice.

6.0 Offer Validity: The offer should remain valid for minimum 90 days from the date of tender Opening.

NOTE: The Specification, Price Basis and Delivery Period should be quoted strictly as per the HURL Requirement only and any offer not conforming to these terms and conditions shall be summarily rejected.
